

# Package Theft Prevention Tips

## Protect Yourself From Porch Pirates

- \* Request the shipper to deliver the package on a specific date and time, preferably when you will be home.
- \* Have the package delivered to a location where it can be received in person, such as the home of a trusted neighbor who is home during the day.
- \* Request the shipper to hold your package at its pick-up facility until you can pick it up, in person, at your convenience.
- \* Provide delivery instructions to the shipper to leave the package at a safe location at your home that can't be seen from the street.
- \* If your employer will allow it, have the package delivered to your place of employment.
- \* Consider mounting a visible surveillance camera and a security company sign near your front door.

**Stay Alert !!! If you see something, say something!**
